Swedetechn Racing - Tech Info

The TM KZ10B engine has cases that are very durable. In fact, we personally couldn't place a replacement interval on this part for the TM. It is very infrequent that a TM engine needs a new set of cases, but for the point of this article, we will say the cases will last four racing seasons with normal wear.

So we got the kart on time, completely put together, and ready for the track. This was completely unexpected, and a great surprise. Not to mention, Holden found a way to save me money (which in this sport, every dime saved is a bonus). So we got the kart, my kid slipped in the seat and he fit perfectly. Seat size and location was ideal.
