Prosím o radu či zkušenost s touto poruchou u 308 1,6VTi. U studeného motoru během startu dochází ke kolísání otáček cca 1000-1400 + diagnostická hláška viz. \Předmět\ . Motor přepnut do \ochranného\ modu. Porucha se opakovala i po opětovných startech a po cca 1h pauze vše po nastartování OK a dia...

Engine Management System Faulty - Peugeot 308 - Peugeot ...

Anti pollution fault and engine management light on - peugeot 308. My mechanic fitted a patent Mass airflow sensor which his diagnostic picked up. This resulted in the car spluttering and generally running poorly. The old part was refitted and the car ran as before but the fault returned

when the car was left to go cold.

SOLVED: Anti pollution fault and engine management light ...

Peugeot 308 - Anti pollution. The early engine (Pre 2011) EGR valve is about £350 from Peugeot - but you can get a proper Valeo one for around £100 on the likes of E-bay. Fitting it looks like a nightmare as it is buried down the back of the engine, but once you get into it is not as hard as it looks.

Peugeot 308 - Anti pollution | Technical matters | Back ...

The universal OBD plug for the RCZ is on the dash just in front of the gear stick. Remove the rubber insert and then slide out completely the ash tray and you will see the plug. All cars built within the last two decades should have one to allow interface with the onboard engine management system.
