It still can be your service brake switch because your brake lights ...

I have a '99 Peterbilt 379 with a CAT 3406E and my problem ...

The Jake Brake switch on the dash has 3 positions, lo-off-hi. The local mechanic told me first to see if I had power going to the buffer switch on the motor. I checked that, and no power. He told me then to check the clutch switch, as they sometimes go bad, and if it wasnt working to just cut the wire and bypass the clutch switch.
