Nature and Wildlife Photography. Welcome to the Nature and Wildlife Photography Forum, the place to discuss techniques and share galleries and tips related to the photography of wild - and not so wild - animals and the natural world. Community moderators: fredlord and jsanch08.

### **Nature and Wildlife Photography Forum: Digital Photography ...**

Landscape photography is often slower paced than other genres, allowing for a more methodical approach to composition and camera settings. That includes focusing; manual focus is more popular for landscapes than most other genres. Indeed, there's a whole market of third-party manual focus lenses geared almost exclusively to landscape ...

I wrote this tutorial for those who want to learn about panoramic photography and how to photograph and stitch panoramas using a point and shoot or DSLR camera. The technique consists of two parts - photographing a scene using a camera and then using special software to align and stitch those images together to form a single panoramic image.
