Download Center for Wireless Dog Fence Manual

When the collar is properly positioned you should be able to place one finger between the probes and your pet's skin. STEP 1: Measure your pet's neck, mark the appropriate length, and cut off the excess collar, allowing room for growth. Seal the edge of the cut by melting the frayed edge with a match or lighter.

INSTANT FENCE Owners Manual - pet-dog-cat-supply-store.com

Description. Trusted and true, our original Wireless Pet Containment System keeps pets happier while you breathe easier. A simple signal from a small unit in your home to your dog's collar is all it takes. They learn their new yard boundaries quickly and comfortably, and the collar will remind them with a tone or static correction if they forget.

Wireless Pet Containment System™ by PetSafe - PIF-300

Description. The PetSafe Wireless Pet Containment System is a simple, yet effective, alternative to traditional outdoor fencing. Instead of using bulky lumber and fence posts, the PIF-300 uses radio frequency to guard your pet against straying. The system is also portable, allowing you to provide a wireless pet area when traveling.

PetSafe Wireless Instant Fence Pet Containment System | Petco

The PetSafe In-Ground Radio Fence™ has been proven safe, comfortable, and effective for all pets over 8 pounds. The system works by producing a radio signal from the Fence Transmitter through up to 2800 feet of Boundary Wire. The Boundary Wire is buried or attached to a fixed object to enclose the Pet Area.

PetSafe In-Ground Radio Fence

Adjusting the pet area to the desired size on a wireless system. Consider the layout of your garden, its size and the area that you want to create for your pet to enjoy. The wireless fence creates a circular containment area, with the transmitter in the centre of the circle.
