Maintenance, user manuals & guides | TASSIMO

when this happened to us, it was the hose that brought the water in from the resevoir (sp). we blew the warranty by taking off the left side (when you are looking at the front fo the machine) the hose was closer to fix. we put the hose back on and then glued it. we've had alot of problems with this machine. now our problem is the barcode. grrrrrrrrrr hope this helps you!
