An Overview of the Pentax Digital Spot Meter. The Pentax digital spot meter is a tool prized by photographers the world over for its precision and for being easy to use. Beloved by Ansel Adams, the Pentax spot meter is one of the most iconic precision instruments in photography, and eBay is the place to find these light meters quickly, easily ...

PENTAX Spot Digital Photography Light Meters for sale | eBay

A couple of years ago I bought a Pentax Spotmeter V from a colleague and became interested about the history of Pentax Spotmeters. So I started looking for earlier versions of the Spotmeter and found there were two different types of meters, the Spotmeter 3rd/21st and the Spotmeter 1st/21st.

Spotmeter | My Pentax

New old stock, as I don't think Pentax has manufactured the Spotmeter V for about 10 years. I paid the list price, so it was rather expensive compared to what you can get one for on the used market. A case, wrist strap, front cap, manual and batteries come with a new Spotmeter V.

Pentax Spotmeter V reviews - Pentax Camera Accessory ...

PENTAX DIGITAL SPOTMETER - \$99.00. This is a Pentax Digital Spotmeter. I am selling it as I am disposing of all my film cameras. It is in mint condition, apart from the lens cap that exhibits some blooming in the rubber. The lens itself is pristine, no scratches or rub marks. This is the standard spot meter, not modified by Zone VI studios or anything.

PENTAX DIGITAL SPOTMETER - \$99.00 | PicClick

Pentax Spotmeter V Repair: I recently purchased an analog Pentax Spotmeter V and found out it didn't work once I got home to test it. Reading up on them, I found that a lot of people were having a hard time fixing them and that the usual response was to send them in to hav...

Pentax Spotmeter V Repair - instructables.com

I managed to get a Pentax digital spotmeter at Christmas time for a good price. I was a little bit baffled by exactly how to get what I needed from it until I read the manual. I had used lots of meters before, but they were just a little different than the Pentax.

How to use a Pentax Spotmeter V | Photo.net Photography Forums

The Zone System and Digital - Let your Spot Meter do the Work. ... For years I had a pair of supposedly "matched" Pentax digital spot meters that were never closer than 1/3 of a stop from each other - so I had to remember which meter I used for film tests and which one I had in the field.

Zone System And Metering | Alan Ross Photography

Pentax Spotmeter V Review. A spotmeter is an important tool for medium and large format landscape photographers. Medium and large format film cameras do not have light meters built into them. Without a spotmeter, there is no way to calculate a desired exposure. With modern digital cameras, a spotmeter allows the composition to stay fixed in place.
