EDD Operating Manual - honeywellanalytics.com

I've got an 'Optima 2 Plus' house alarm. We've had a few false alarms in the last few months and it's always the same PIRs that trip it. One of them doesn't even light up now when walking past! I assume the PIRs are either dead and/or on their last legs. The Alarm was fitted in 1994 (before we came here). The current system has:
