This procedure was first developed to help reduce S&W Model 41 ejection problems by the late pistolsmith Austin Behlert. Remove the slide from the pistol by field stripping. Test the extractor's holding capability by placing a round under the hook on flush on the bolt face. Gently shake the slide back and forth.

I have been a diehard fan of the S&W Model 41 since my first ownership of one back in 1979 at the young age of 14 when my dad bought me this and paid \$325.00 for it brand new. I shot many thousands of rounds of all brands of ammunition through that gun for several years until selling it in 1986 which I'll always regret doing.
