L For optimal performance, genuine Panasonic toner cartridges and drum units are recommended. We cannot be responsible for problems that may be caused by a non-Panasonic toner cartridge or drum unit: - Damage to the unit - Poor print quality - Improper operation Toner cartridge L Do not leave the toner cartri dge out of the protection

Model No. - Manual and Brochures

With the dual drive laser optical engine the laser diodes are grouped into two discrete modules. A failsafe redundancy circuit works to minimize the brightness- and colour uniformity loss if a laser diode fails. In combination with the 20.000 hours *1 maintenance-free projection period the PT-RZ770 series is ideal for mission critical applications.
