Read the manual I posted above to understand how these work. I cut the wires for the resistors at my ECU, and installed my own resistors (1/4W) to effectively advance the injection timing.

Advancing injection timing lowers EGT's by promoting a more complete burn. The 2LTE's timing is retarded from factory to lower NoX emissions.

So basically there are two manuals you're going to need if you have vehicles with both generations of these engines. One manual for the earlier version and one manual for the late version.

Fortunately they're both available online! When you order parts you're going to have to be careful to order for the exact motor you have.
