The WebAssign component for this text provides online versions of the exercises author Paul Foerster developed from his 50 years of classroom experience.

WebAssign - Calculus Concepts and Applications 2nd edition

learning concepts can be used to develop your ability to write about mathematics. You will be asked to keep a written journal recording the concepts and techniques you have been learning, and verbalizing things you may not yet have mastered. Thus, you will learn calculus in four ways—algebraically, graphically, numerically, and verbally. In
