Q: I am presently building a Triumph 650 engine that has a pre-unit bottom half and 9-stud unit barrels and head. The problem I have is the marks on the timing gears that came with the engine (in bits) do not match the images in my manual, so I have to time the valves with a degree disc and dial gauge.

I had over 63,000 miles on my 2008 Bonneville 865cc engine and it needed a valve job. So, instead of doing that only, I decided to send the entire engine to Bill Gately of Bonneville Performance, for a complete engine overhaul and upgrade modification! My final engine will have the same spec's as the BP 1100cc crate engine, including: New bearings
