Missing manuals. While their use in PC games post-2000 is scarce, console games and older PC games are expected to have them. Games acquired in second hand markets often miss the manuals, much like missing their original boxes, after being kept, lost or discarded by their previous owners.

Video game packaging - Wikipedia

Started in 1999, the goal of The Manual Project is to scan as many US video game manuals as possible. Once scanned they are posted here so that everyone may read them. To date over 400 NES and SNES manuals have been scanned and posted, and the project is now expanded to include works from other sites.

Vimm's Lair: Preserving the Classics

I havent been a real pc gamer but im getting a gaming pc for christmas and ive gotten a few games for it, however, all of them (except one but it comes with a special manual as its a collectors edition so i guessed that was just a one off) have no manual except a crappy sheet of paper about a digital manual (which is crap and i wont use). I useally game on my xbox and every xbox game comes with ...
