Basic Troubleshooting and Service Information

I have two mowers both with Tecumseh engines and both have the same problem. Neither will start. If I push the primer bulb many many many times it will start and run for a second. Same if I spray a little primer in the spark plug. I've cleaned both carbs, I've replaced both plugs, I've run compressed air through the carbs.

Tecumseh Lawn mower won't start when cold - Handyman WIRE ...

Where safe disassembly is not obvious, I would recommend that you refer to a book on lawn mower or small engine repair from the library or the service manual for the mower, if possible. You may be able to find specific step-by-step instructions which will minimize your risk of injury from an encounter with an uncontrolled spring.
