owners manual - Horizon Hobby

I just bought a new Slash 2WD for my son. It worked this morning just fine the first time we used it. Now the car won't run and when I turn the XL5 ESC on all it does is flash between red and green. The only way to turn it off is to unplug the battery. I went through the speed trim re-programming steps in the users manual, but when I get to the send half and program reverse the light flashes ...
