Occasionally the salt indicator on the Pentair Intellichlor will not match the actual salt level of the pool. If this is the case, the salt level on the cell will need to be recalibrated. The following steps will provide a guide on how to recalibrate a Pentair Intellichlor. Note: This guide is only intended for versions 1.9 and below. Newer versions cannot be recalibrated.

### **How To Recalibrate the Salt Level on a Pentair Intellichlor**

The iChlor Salt Chlorine Generator features smart technology that provides built-in intelligence for unmatched convenience and control. Just add salt to generate all the chlorine your pool needs. iChlor produces a steady stream of pure chlorine for softer, silkier pool water.
