Tomtom Gps Instruction Manual

TomTom Navigator will now plan a route from your current GPS location to the destination you have just entered. Once the route has been calculated, tap Done to return to the main screen. Please note: route planning will not start unless TomTom Navigator knows your current location – which requires a valid GPS signal.

GPS stands for Global Positioning System. GPS uses satellites to locate your current position. There is no charge for using the GPS system. Note: Your TomTom ONE does not transmit your location, so others cannot use it to track you while you are driving. In order to locate your position, your TomTom ONE must have a clear view of the sky.
