Systems Engineering and Analysis [4th Edition] , Blanchard ...

The entrance requirement for a Master of Science in Systems Engineering is a bachelor's degree in engineering or science from an accredited institution, with a GPA of 3.0 or above in undergraduate courses.

Program: Systems Engineering, M.S. - Polytechnic Institute ...

The term systems engineering can be traced back to Bell Telephone Laboratories in the 1940s. The need to identify and manipulate the properties of a system as a whole, which in complex engineering projects may greatly differ from the sum of the parts' properties, motivated various industries, especially those developing systems for the U.S. Military, to apply the discipline.
