Tales of Berseria is a role-playing video game, where players navigate the game's world through the game's characters from a third-person perspective. As with previous Tales games, characters can interact through Skits, animated clips that play outside cutscenes and battle: characters are represented by head-and-shoulder portraits, and conversations can range from serious to comedic.

Teles 2 man chainsaw 1940s. This is the much sought after Teles 2 man saw with the petrol engine (I have listed the electric version also this week). The engine has not been run for a long time but is free turning. There are two chains which appear to be for this saw. The saw is minus its fuel tank unfortunately but all else seems to be present.
