The UNS-1 Series Universal FMS fundamentals course offers you a hands-on approach to understanding and programming the device. You are walked through each part/element of the FMS to help you understand how to use the various components. To reinforce learning, you are given the chance to apply this new knowledge by programming the FMS on your own.

The UNS-1Fw comprises a control display unit and a remotely mounted navigation computer unit. Two flat panel control display units (FPCDU) are available: a compact FPCDU with 4-inch color display and the standard FPCDU which features a 5-inch color display as well as optional capabilities for UniLink weather graphics and video interface. Both units are less than 3½ inches deep.
