2. Connect the USB cable to the USB car charger and plug this into the power supply on your dashboard. 3. Choose the best smooth location, on your windscreen or side window, to mount your TomTom START. Tip: If the mount is integrated into your START, you can easily change the rotation of your device.

### **TomTom START User Manual**

When you first start your TomTom Start navigation device, the device may need a few minutes to determine your GPS position and show your current position on the map. In future, your position will be found much faster, usually within a few seconds. To ensure good GPS reception, you should use your device outdoors.
