I have a lawn with a pretty steep hill on it that my tractor was just not cut out for, so I'm looking for a good used walk behind. I found a belt driven 2003 Toro Proline 44 with a 15hp Kohler engine. Supposedly it has only 200 hours on it, which is hard to believe for the age, but it's very clean and runs just fine, so it just might be true.

I have a toro Proline 44" walk behind commercial walk behind mower with the Kohler Command CV15 engine. its about 10 years old and has a lot of hours on it, though serviced regularly. Today, the engine lost power and was smoking severely, then shut down. It has plenty of clean oil as i changed is a few weeks ago.

#### **Toro Part Information**

I have a toro 44'recycler walk behind that will not keep the blade engaged. The fuse is good. The blade control bail switch seems in working order. The blade control rocker switch will engage the blade. When you release the rocker switch the blade stops. I can jump across the relay and the blade will stay engaged, tried a new relay and the same thing happens.
