I often wondered why the user's manual is not very much used, even if it includes valuable information. As I am also a user of such manuals, the answer I have given myself is that valuable information are concealed somewhere in the thick thing, and I do not have time to waste to find it. So, either the manual is actually of help, or I ignore it.

I have a T1000S, has anyone got DMX to work on this controller? I have connected my dongle to this and used different drivers in Vixen2, Vixen3 and Freestyler without success. When the T1000S is running stand alone I can monitor the DMX output using terminal and the controller is transmitting data out of the DMX port. So I think it must be a setting either with the drivers or somehow the ...
