PI Interface for Universal File and Stream Loading (UFL) 6 Chapter 3. Installing the UFL Interface This chapter provides detailed instructions for installing and configuring the UFL interface. If you're familiar with PI interface installation, refer to the installation checklist appendix in this manual for basic installation guidelines.

PI Interface for Universal File and Stream Loading (UFL)

UFL: Unified Form Language¶ The Unified Form Language (UFL) is a domain specific language for declaration of finite element discretizations of variational forms. More precisely, it defines a flexible interface for choosing finite element spaces and defining expressions for weak forms in a notation close to mathematical notation.
